Student Seminar Evaluation

Speaker ____________________________  Date _______________________

Please comment critically on the following items and give a score for each of the general areas. The scores should be given according to the following scale:

1 = Should be better  2 = Appropriate  3 = Outstanding

Content

____ 1. Knowledge (Did the student seem to have a grasp of the subject? Were questions thoughtfully answered?)

____ 2. Background (Was the subject placed in relation to other areas? Could a chemist unfamiliar with the subject understand the seminar?)

____ 3. Breadth (Was the breadth of material covered appropriate in scope?)

____ 4. Depth (Was the subject treated in sufficient depth? Was there sufficient chemical content?)

____ 5. Sources (Were appropriate current journals and general sources used? Were citations in the appropriate format?)

____ 6. Abstract (Was the abstract well-written? Did it have the proper form?)
Presentation:

_____ 1. Organization (Was the seminar logically and sequentially organized?)

_____ 2. Delivery (How was the pace and clarity of the delivery?)

_____ 3. Visual Aids (Was the visual presentation effective?)

Overall: Based on the quality of this presentation, has the student met the requirements for the seminar? YES NO
